Verse 1

When I'm empty
At my lowest
You surround me
You're my fortress

When I'm anxious
Feeling lonely
You remind me
You're my focus

Pre-Chorus

And all that I'm feeling
What I've been dealing with
You give me space to be
But I hear you saying
No need to stay here
Just come and follow me

Chorus

All the pressure's off with you
With you, with you
All the pressure's off with you
With you, with you
